Spanish Wells Community > Incident Radio Communications Plan SWICS 2023 205

Purpose.

The Incident Radio Communications Plan (SWICS 2023 205) provides information on all radio frequency assignments for each operational period. The plan is a summary of information obtained about available radio frequencies and the assignments of those resources by the Communications Unit Leader for use by incident responders.

Preparation & Distribution

The SWICS 2023 205 is prepared by the Incident Commander and given to all ICT key participants. **Notes:**

- * The SWICS 2023 205 is used to provide, in one location, information on all radio assignments, the person assigned the radio and their area of responsibility.
- * The SWICS 2023 205 identifies all channels and where they are assigned. Only the IC can reassign channel functions.

Item 1: The name of the incident as given by the IC

Item 2: The date and time for the which the ICT was convened

Item 3: The actual date and time the incident actually started and the conclusion

Item 4: The actual information regarding assignments, channel usage, functions and any remarks

Item 5. Any special provided by the IC or members of the ICT

Prepared By: Typically the IC or their designee.
